

SingleMop SB28W

The SB28W is an exceptionally compact yet big capacity, single bucket professional mopping system with the very real advantage of a fully integrated onboard, lidded, 30-litre waste unit that can be used with or without waste bags and an additional caddy for the storage of all those necessary cloths, dusters, sprays etc.

Based on our fully welded steel chassis and running on 75mm (3") non-marking castors this is a strong, rugged and practical package.

The All-Mops Press allows use with our full range of Monsoon Kentucky or Slalom Flat mops ensuring quick and effective performance.

250mm Big Wheel 'Transit-Stair-Curb' option.

Mop Selection

Monsoon Kentucky Mop

Slalom Pocket and Hang-on Mops

Model	Capacity Clean	Waste Capacity	Caddy	Press	Castors	Size
SB28W	28L	30L	4L	Allmops Press	4 x 75mm	820 x 395 x 870mm
